Summer, summer, summer time!

Welcome to July! It's the season for vacations, fun activities and quality time spent with loved ones. It's also a sensational time for Little Eggs as we reset to start fresh in the fall for a new school year. Our Summer program is in full affect, and we have lots of events and activities planned for our friends over the next two months. From petting zoos to magic shows, water play and even dance parties; we are confident that your child will have an amazing time.

If you haven't already, please pick up a copy of the summer calendar at the front office or use the links in this email so that you can know exactly which activities are happening and when. Each week of our summer program is based on a theme that comes from our FunShine curriculum. This ensures that our children are having fun and learning in the process. If you have any questions, concerns, or even suggestions for next year's summer program, please feel free to let any member of our office staff know and remember to have an amazing July!

Customer Review

Jennifer Parker

Love this place! You can tell they really care about the kids, and they do so much to help with kids' development. They keep you informed about how your child did during the day, and they celebrate with you when your baby hits a milestone. They are so easy to work with if you have any questions, and I love getting face-to-face time with my son's teachers.
