

THE BEACON

LITTLE EGGS CHILDCARE NEWS

MAY 2023

"Pam's Corner"

I have been at Little Eggs for a little over two years; but have spent the majority of my career in corporate America in the financial/insurance industry leading sales, marketing initiatives and developing web based solutions. My life's work has been focused on process improvement. Understanding that **efficiency is doing things right and effectiveness is doing the right things** has served me well as a corporate leader, a parent and now working as an Administrator at Little Eggs Childcare. **We have made a substantial investment in curriculum, training and educating our teachers and the leadership team.** All of this to ensure that we are creating an environment filled with educators who teach with deliberation and manage their classrooms to consistently prepare our children for the rigors of kindergarten and beyond. **Your children's brains are developing more and faster now than they will at any other time of their lives. This is why we encourage you to bring them into the center as early as 9:00 a.m.** so they can gently assimilate into their classrooms, eat a healthy breakfast with their friends and take full advantage of our curriculum. Schedules for children are very important, they set the tone for the day, and even though they may resist it at first, it actually comforts them to understand what comes next in their day. **When the schedule is predictable children can focus on the content of what they are learning, rather than spending time getting ready to learn.** That security makes it easy for them to develop the confidence to build social skills, broaden their educational curiosity and investigate their world.

MEMORIAL DAY

★ ★ ★ ★ REMEMBER AND HONOR

ARE LEARNING!

MAY THEMES INCLUDE:

Buttercups®

Ages 0-3

Y, Z

PURPLE

Fireflies®

Ages 3-5

19, 20

SQUARE

"BABY ANIMALS"

Animals have babies just like people do! The children will learn how animals care for their young, where baby animals live, what they eat, and how they learn to live on their own. Cuddle up for some fun during this adorable theme!

"I'M GROWING!"

Children are learning and growing quickly at this age, and each milestone is a step toward independence. Celebrate achievements and focus on what's next for each child's development. This theme helps the children discover why it's great to be big!

"Circle Time is Learning Time"

Follow the link to our Circle Time video!

The learning begins at 9:30 AM each Morning!

It's important that your child is in class for circle time so that they don't miss the opportunity to learn from the themes each month designed to have them ready to perform at an optimal level in school!

need to be sent with your child in a thermos designed to maintain food temperature in the food safety zone, as defined by the USDA.

- **The weather is getting warmer!** Please remember to put sunscreen on your child before they arrive each morning and **fill out the necessary medical forms** so that we can apply sunscreen to your child in the afternoons.
- **After careful consideration we have decided to discontinue our nut-free policy** as it has become more challenging to manage when our center is at capacity. **If your child has any food related allergies, please let us know** so that proper precautions can be taken by their teacher.

Customer Review

Amani White

We love this place. Our daughter has been going here for 3 years and our son just started. Facility is very new and clean, staff are amazing! It feels like family. Teachers use an app to send pictures throughout the day. Owner is very involved continuously trying to improve. Lots of different activities for kids. Feels more like a school than daycare.
