LITTLE EGGS CHILDCARE NEWS

January 2023

Greetings from the CEO

Welcome to 2023! My heart is so filled with joy and excitement for this coming year. We are always seeking to improve our school with educational tools and services but our strongest asset has always been our staff. We have the best staff and they are led by Ms. Chanel who has been with us from day one. We are upgrading our security system, technology, and even our room ambience. All of this speaks to the vision that I live by, #simplylove.

Each family should feel excited this year as I'm Challenging all my staff to dig deeper and love more. I'm also giving them more tools for work-life balance so their personal lives are better.

As such, 2023 will be our very best year. I'm prayerful that you and your family have a healthy and prosperous year.

Our Little Eggs are Learning!

Ready, Set, Go!

Children will explore cars, trucks, bikes, airplanes, wagons and other vehicles that take us from place to place. They will investigate ways wheels help people and things move around. Science concepts abound in this theme. It's time to ride!

Sparkles & Shivers

Winter's chill has arrived in many parts of the country. Yet, there are many fun activities to do on frigid winter days, as long as we bundle up in warm clothes! The children will learn about winter weather, snow creatures, and even the tundra!
